THE TURKISH NATION HAS BEEN SENTENCED! WE DO NOT RECOGNIZE YOUR JUDGMENT!

Hasan Basri Ozbey, Vice-Chairman of the Workers' Party (Turkey), made a press statement on the 5th of August, criticizing the judgment in the Ergenekon Case.

The Turkish Nation has been sentenced

Not only patriots were sentenced in the Ergenekon Plot. The Turkish Nation, the Republic of Ataturk, the Turkish Revolution, patriotism and the Turkish Army has been sentenced with this judgment.

The US-guided AKP fascism

The judgment is the peak and latest example of the AKP fascism.

The US Gladio decided and the F type personnel announced it. (F type: Fethullah Gulen movement; an US led “moderate Islam” movement)

As we stated from the very beginning, the aim of the “judgment show” in Silivri was to crash down the Turkish Army and the Workers' Party (Turkey).

We do not recognize the judgment

This “trial show” is entirely unlawful.

The announced judgment is illegal and illegitimate.

We do not recognize it!

The judgments will last as long as Erdogan and Guls co-presidency of the Greater Middle Eastern Project (GMEP) lasts.

They are crashing down

The AKP government is entirely illegitimate.

What we saw today is that the Tayyip-Gul Co-Presidency of the GMEP is collapsing.

The Turkish Nation has rendered its judgment: The gladio of Tayyip-Gul-Gulen has been sentenced because of treachery.

Workers' Party (Turkey) is on duty

As the Workers' Party (Turkey), we do not recognize the judgment of the special court of Tayyip-Gul. As the most legitimate political party in Turkey, we are defending our political rights and freedoms and we are implementing them. We use our legal rights in accordance with the needs of Turkey and its vanguard party - to the full extent.

From the Chairman to the member, we are all on duty.

Until Turkey calls the enemies of the nation and of democracy into account, we will not hand out any of our members to Gladio.

A call to our Nation

This is the call of the Workers' Party (Turkey) to our nation and its vanguards:

Let us lead the peoples' movement towards the goal of building the National Government!

Therefore, let us gain control over every aspect of our lives!

People's power, people's democracy!

People to power in every sphere of life!

Let us establish the Assembly of Ataturk!

We will do!

Today, we are stronger than prior to August 5.

We will unite the entire strength of our Nation.

We will do!

We will succeed!

We will overthrow the Co-Presidency of the Greater Middle Eastern Project!

We will establish the National Government.

We will re-build the Republic of Ataturk.

We call people of Turkey to duty!

I AM SO ENTHUSIASTIC!

The Chairman of Workers' Party, Dogu Perincek, was sentenced to aggravated life sentence and 117 years additionally. Following is his first article written on the night of the judgment on the 5th and published in the daily newspaper Aydinlik, on the 6th of August.

When the Ilker Yucels (Chief Editor of Aydinlik) and Cagdas Cengizes (Chairman of the Turkish Youth Union TGB) were detained, I was so enthusiastic that I hugged my friends. It is greatly reassuring to have such a youth. In his TV programme on Ulusal Kanal (National Channel) Soner Yalcin began his words by saying "I am very enthusiastic". The same feelings.

Afterwards, we saw the fear of the government and the illegitimate judgments of the special assigned institutions.

These could not overshadow our enthusiasm. Because what we have been desiring since 50 years, what we have been working for since 50 years, is now becoming reality.

The Turkish Nation stood up for a revolution for the first time since the 1920'ies.

Our Party is the staff and the vanguard of the great up rise of our nation.

A young generation, unique across the world, has intervned on the future of Turkey in organized manner.

We dedicated our lives for those days. We see that our aspirations are very close, now.

We are very enthusiastic.

We are very happy.

I had told you yesterday that there is no court of law behind that wire fence.

The judgment of the people is on its way. I am writing these lines in hurry.

The Turkish Nation will come through this war by breaking its chains, re-establishing the Republic and founding a free and modern society.

Prepare for your duties.

Everyone to work!
